When logging into the NVR for the first time, you will be prompted to set up a new admin password. The password must be between 8 and 12 characters long, with a combination of at least one (1) each uppercase letter, lowercase letter, a number, and a special character.

WHAT'S IN THE BOX					
Quick Installation Guide		1 Set	48V D/C Power Supply and Cable		1 Set
USB Mouse		1	Rack Mount Ears (8- and 16-channel models only)		1 Set
Alarm In/Out Terminal Block (16-channel model only)		4	Rack Mount Screws (PWMM3x6mm)		6

NOTE: Download all your support materials in one place.
1. Go to: <http://www.digital-watchdog.com/resources>
2. Search your product by entering the part number in the 'Search by Product' search bar. Results for applicable part numbers will populate automatically based on the part number you enter.
3. Click 'Search'. All supported materials, including manuals and quick start guide (QSGs) will appear in the results.

Attention: This document is intended to serve as a quick reference for the initial set-up. It is recommended that the user read the entire instruction manual for complete and proper installation and usage.

SAFETY AND WARNING INFORMATION

Read through this Installation Guide carefully before installing the product. Keep the Installation Guide for future reference. See the user manual for more information on the product's proper installation, use and care.

WARNING Serious injury or death may occur if any warnings are neglected.

CAUTION Injury or equipment damage may occur if any cautions are neglected.

NOTE To use the product, you must strictly comply with the nation's and region's electrical safety regulations.

WARNING The device shall be firmly fixed when the product is mounted on a wall or ceiling.

CAUTION Do not use only the standard adapter specified in the specification sheet. Using any other adapter could cause fire, electrical shock, or damage to the product.

WARNING Make sure the power supply voltage is correct before using the camera.

CAUTION Incorrect use of the power source or replacing the battery may cause an explosion, fire, electric shock, or damage to the product.

WARNING Do not connect multiple cameras to a single adapter, exceeding the capacity may cause excessive heat generation or fire.

CAUTION Do not plug the power cord into the power source. An insecure connection may cause a fire.

WARNING When installing the camera, fasten it securely and firmly. A falling camera may cause personal injury, temperature, low temperature, or high humidity. Doing so may cause fire or electric shock.

CAUTION Do not place sharp objects (e.g., screwdrivers, coins, metal items, etc.) or containers filled with water on top of the camera. Doing so may cause personal injury, fire, electric shock, or falling objects.

WARNING Do not install in humid, dusty, or sooty locations. Doing so may cause fire or electric shock.

CAUTION Do not install near any heat sources, such as radiators, heat registers, or other products (including amplifiers) that produce heat.

WARNING Keep the product away from direct sunlight and heat radiation sources. It may cause a fire.

CAUTION Stop using the product immediately if any unusual smells or smoke come from the unit. Immediately disconnect the power source and contact the service center. Continued use in such a condition may cause fire or electric shock.

CAUTION If the product does not operate normally, contact the nearest service center. Continued use in such a condition may cause fire or electric shock.

CAUTION When cleaning the product, do not spray water directly onto parts of the product. Never disassemble or change or electric shock.

CAUTION Do not drop objects on the product or apply strong shock to it. Keep away from a location subject to excessive vibration or magnetic interference.

CAUTION Do not use this product near water.

CAUTION Do not use the camera near water. Do not expose the unit to direct sunlight, low temperature, or high humidity. Doing so may cause fire or electric shock.

CAUTION Do not place sharp objects (e.g., screwdrivers, coins, metal items, etc.) or containers filled with water on top of the camera. Doing so may cause personal injury, fire, electric shock, or falling objects.

CAUTION Do not install in humid, dusty, or sooty locations. Doing so may cause fire or electric shock.

CAUTION Do not install near any heat sources, such as radiators, heat registers, or other products (including amplifiers) that produce heat.

CAUTION Do not drop objects on the product or apply strong shock to it. Keep away from a location subject to excessive vibration or magnetic interference.

CAUTION Do not use this product near water.

CAUTION Do not use the camera near water. Do not expose the unit to direct sunlight, low temperature, or high humidity. Doing so may cause fire or electric shock.

CAUTION Do not place sharp objects (e.g., screwdrivers, coins, metal items, etc.) or containers filled with water on top of the camera. Doing so may cause personal injury, fire, electric shock, or falling objects.

CAUTION Do not install in humid, dusty, or sooty locations. Doing so may cause fire or electric shock.

CAUTION Do not install near any heat sources, such as radiators, heat registers, or other products (including amplifiers) that produce heat.

CAUTION Do not drop objects on the product or apply strong shock to it. Keep away from a location subject to excessive vibration or magnetic interference.

CAUTION Do not use this product near water.

CAUTION Do not use the camera near water. Do not expose the unit to direct sunlight, low temperature, or high humidity. Doing so may cause fire or electric shock.

CAUTION Do not place sharp objects (e.g., screwdrivers, coins, metal items, etc.) or containers filled with water on top of the camera. Doing so may cause personal injury, fire, electric shock, or falling objects.

CAUTION Do not install in humid, dusty, or sooty locations. Doing so may cause fire or electric shock.

CAUTION Do not install near any heat sources, such as radiators, heat registers, or other products (including amplifiers) that produce heat.

CAUTION Do not drop objects on the product or apply strong shock to it. Keep away from a location subject to excessive vibration or magnetic interference.

CAUTION Do not use this product near water.

CAUTION Do not use the camera near water. Do not expose the unit to direct sunlight, low temperature, or high humidity. Doing so may cause fire or electric shock.

CAUTION Do not place sharp objects (e.g., screwdrivers, coins, metal items, etc.) or containers filled with water on top of the camera. Doing so may cause personal injury, fire, electric shock, or falling objects.

CAUTION Do not install in humid, dusty, or sooty locations. Doing so may cause fire or electric shock.

CAUTION Do not install near any heat sources, such as radiators, heat registers, or other products (including amplifiers) that produce heat.

CAUTION Do not drop objects on the product or apply strong shock to it. Keep away from a location subject to excessive vibration or magnetic interference.

CAUTION Do not use this product near water.

CAUTION Do not use the camera near water. Do not expose the unit to direct sunlight, low temperature, or high humidity. Doing so may cause fire or electric shock.

CAUTION Do not place sharp objects (e.g., screwdrivers, coins, metal items, etc.) or containers filled with water on top of the camera. Doing so may cause personal injury, fire, electric shock, or falling objects.

CAUTION Do not install in humid, dusty, or sooty locations. Doing so may cause fire or electric shock.

CAUTION Do not install near any heat sources, such as radiators, heat registers, or other products (including amplifiers) that produce heat.

CAUTION Do not drop objects on the product or apply strong shock to it. Keep away from a location subject to excessive vibration or magnetic interference.

CAUTION Do not use this product near water.

CAUTION Do not use the camera near water. Do not expose the unit to direct sunlight, low temperature, or high humidity. Doing so may cause fire or electric shock.

CAUTION Do not place sharp objects (e.g., screwdrivers, coins, metal items, etc.) or containers filled with water on top of the camera. Doing so may cause personal injury, fire, electric shock, or falling objects.

CAUTION Do not install in humid, dusty, or sooty locations. Doing so may cause fire or electric shock.

CAUTION Do not install near any heat sources, such as radiators, heat registers, or other products (including amplifiers) that produce heat.

CAUTION Do not drop objects on the product or apply strong shock to it. Keep away from a location subject to excessive vibration or magnetic interference.

CAUTION Do not use this product near water.

CAUTION Do not use the camera near water. Do not expose the unit to direct sunlight, low temperature, or high humidity. Doing so may cause fire or electric shock.

CAUTION Do not place sharp objects (e.g., screwdrivers, coins, metal items, etc.) or containers filled with water on top of the camera. Doing so may cause personal injury, fire, electric shock, or falling objects.

CAUTION Do not install in humid, dusty, or sooty locations. Doing so may cause fire or electric shock.

CAUTION Do not install near any heat sources, such as radiators, heat registers, or other products (including amplifiers) that produce heat.

CAUTION Do not drop objects on the product or apply strong shock to it. Keep away from a location subject to excessive vibration or magnetic interference.

CAUTION Do not use this product near water.

CAUTION Do not use the camera near water. Do not expose the unit to direct sunlight, low temperature, or high humidity. Doing so may cause fire or electric shock.

CAUTION Do not place sharp objects (e.g., screwdrivers, coins, metal items, etc.) or containers filled with water on top of the camera. Doing so may cause personal injury, fire, electric shock, or falling objects.

CAUTION Do not install in humid, dusty, or sooty locations. Doing so may cause fire or electric shock.

CAUTION Do not install near any heat sources, such as radiators, heat registers, or other products (including amplifiers) that produce heat.

CAUTION Do not drop objects on the product or apply strong shock to it. Keep away from a location subject to excessive vibration or magnetic interference.

CAUTION Do not use this product near water.

CAUTION Do not use the camera near water. Do not expose the unit to direct sunlight, low temperature, or high humidity. Doing so may cause fire or electric shock.

CAUTION Do not place sharp objects (e.g., screwdrivers, coins, metal items, etc.) or containers filled with water on top of the camera. Doing so may cause personal injury, fire, electric shock, or falling objects.

CAUTION Do not install in humid, dusty, or sooty locations. Doing so may cause fire or electric shock.

CAUTION Do not install near any heat sources, such as radiators, heat registers, or other products (including amplifiers) that produce heat.

CAUTION Do not drop objects on the product or apply strong shock to it. Keep away from a location subject to excessive vibration or magnetic interference.

CAUTION Do not use this product near water.

CAUTION Do not use the camera near water. Do not expose the unit to direct sunlight, low temperature, or high humidity. Doing so may cause fire or electric shock.

CAUTION Do not place sharp objects (e.g., screwdrivers, coins, metal items, etc.) or containers filled with water on top of the camera. Doing so may cause personal injury, fire, electric shock, or falling objects.

CAUTION Do not install in humid, dusty, or sooty locations. Doing so may cause fire or electric shock.

CAUTION Do not install near any heat sources, such as radiators, heat registers, or other products (including amplifiers) that produce heat.

CAUTION Do not drop objects on the product or apply strong shock to it. Keep away from a location subject to excessive vibration or magnetic interference.

CAUTION Do not use this product near water.

CAUTION Do not use the camera near water. Do not expose the unit to direct sunlight, low temperature, or high humidity. Doing so may cause fire or electric shock.

CAUTION Do not place sharp objects (e.g., screwdrivers, coins, metal items, etc.) or containers filled with water on top of the camera. Doing so may cause personal injury, fire, electric shock, or falling objects.

CAUTION Do not install in humid, dusty, or sooty locations. Doing so may cause fire or electric shock.

CAUTION Do not install near any heat sources, such as radiators, heat registers, or other products (including amplifiers) that produce heat.

CAUTION Do not drop objects on the product or apply strong shock to it. Keep away from a location subject to excessive vibration or magnetic interference.

CAUTION Do not use this product near water.

CAUTION Do not use the camera near water. Do not expose the unit to direct sunlight, low temperature, or high humidity. Doing so may cause fire or electric shock.

CAUTION Do not place sharp objects (e.g., screwdrivers, coins, metal items, etc.) or containers filled with water on top of the camera. Doing so may cause personal injury, fire, electric shock, or falling objects.

CAUTION Do not install in humid, dusty, or sooty locations. Doing so may cause fire or electric shock.

CAUTION Do not install near any heat sources, such as radiators, heat registers, or other products (including amplifiers) that produce heat.

CAUTION Do not drop objects on the product or apply strong shock to it. Keep away from a location subject to excessive vibration or magnetic interference.

CAUTION Do not use this product near water.

CAUTION Do not use the camera near water. Do not expose the unit to direct sunlight, low temperature, or high humidity. Doing so may cause fire or electric shock.

CAUTION Do not place sharp objects (e.g., screwdrivers, coins, metal items, etc.) or containers filled with water on top of the camera. Doing so may cause personal injury, fire, electric shock, or falling objects.

CAUTION Do not install in humid, dusty, or sooty locations. Doing so may cause fire or electric shock.

CAUTION Do not install near any heat sources, such as radiators, heat registers, or other products (including amplifiers) that produce heat.

CAUTION Do not drop objects on the product or apply strong shock to it. Keep away from a location subject to excessive vibration or magnetic interference.

CAUTION Do not use this product near water.
