IP cameras with Intelligent Video Analytics

What is MEGApix IVA?

MGEApix IP cameras are NDAA-compliant cameras that detect people and objects in real-time, reducing false alarms while delivering crystal clear high-resolution images powered by Star-Light Plus Super low-light technology. Processing the raw video data in the camera itself, near the source, significantly reduces bandwidth consumption increases accuracy and reduces response time.

Event Detection

Logical Rules, multiple zones and virtual tripwires linked together offer a greater detection accuracy.

Smarter Storage Usage

Create conditions unique to their environment can help use your storage more efficiently.

High Quality Image

Available in a variety of resolutions, DW's IP cameras offer more pixels, more details and clearer images.

Star Light Plus

Star-Light Plus™ color in near-total darkness technology provides crisp, clear images in the absence of ambient light.

ONVIF Conformant

Bring DW's robust solutions to any surveillance system, creating a unique solution to your specific needs.

High Quality Image

IVA analytics are seamlessly integrated with DW Spectrum for easy configuration, real-time alerts and automatic notifications.

Specialty Cameras with Video Analytics

Ultra-wide single-sensor views

The ultra-wide bullet IP camera offers wide-area situational awareness and edge-to-edge image clarity without pixel loss, suitable for narrow corridor installations, with clear images as close as 19.5-23.5 inches from the camera.

Pinhole Camera for Discrete Installations

The pinhole IP camera captures exceptionally clear video at a close range. Specifically designed for discrete, up-close, installations, the camera offers a wide field of view facial capture every time.

Height Strip Camera for Retail

The height strip IP camera offers a captures images of people at eye level with a wide-angle lens and is ideal for inventory shrink control, loss prevention and crime deterrence.

Easy image stitching

The 360° view vandal fisheye IP cameras with IR monitor an entire room with a single camera at 5MP or 9MP resolution, providing the ultimate ROI.

Intelligent Video Analytics

True WDR

Advanced sensors deliver clear images in a wider range of lighting.

Smart DNR

Produce clearer video in low light without visual lag or ghost effects.

Simultaneous Dual-Streams

Manage traffic and bandwidth on your network.

IP Rating

DW cameras have a high IP rating, protecting them against water and dust.

IK Impact-Resistance

DW cameras have a high IK-rating, indicating a high level of protection against external impacts.

5 Year Warranty

All DW cameras come with an unbeatable 5-year warranty.

NDAA Compliant

DW IP cameras, analog cameras, NVRs, DVRs, network devices and management software sold and distributed worldwide are designed and developed in U.S.A. and Korea. Manufactured in Korea.

Most DW products qualify for GSA Schedule Contracts and other government opportunities because they are NDAA compliant.
